

Interested in an exciting career in the Business of Fashion? In our Buying and Planning Internship you'll work with the talented people who plan and buy the product we carry in our Nordstrom and Nordstrom Rack stores and online.

DURING YOUR INTERNSHIP YOU'LL...

Be assigned to a specific buying group and participate as a member of the team.

- Attend buy meetings with vendors and our buying teams.
- Attend merchant classes so you can contribute in the buying office.
- Get behind-the-scenes tours of various support and eCommerce centers.
- Work on an independent impact project to present to the buying and leadership teams.
- Attend executive speaker events with plenty of opportunities to ask questions.
- Experience our Anniversary Sale from both the buying office and selling floor perspectives.

We view our internship as a summer-long job interview with the hope of offering our top-performing interns a role in our Merchant-In-Training program. This five-month program includes a store immersion rotation that could lead to a full-time, entry-level role in our buying offices in Seattle. We like to promote from within our company, which makes this a great opportunity.
