

Nordstrom is a great place to have a career. We offer a variety of internship programs, all of which will give you hands-on experience. You'll learn about our business, earn a competitive salary and receive an awesome merchandise discount.

RETAIL MANGEMENT INTERNSHIP

In our Retail Management Internship, you'll learn the art (and business) of the sale, through hands-on selling experience. You'll learn what it takes to become a successful retail manager from some of our top performers.

Open to active college students pursuing bachelor's degrees.

Location: Select stores across the U.S (United States) and Canada.

FINANCE INTERNSHIP

In our Finance Internship, you'll work on strategic projects, interact with leaders and get an intensive look at what it takes to bring our shopping experience to life. As a part of our Finance Internship, you will work on real-world projects supporting various components of the financial cycle.

Open to active college students pursuing bachelor's or master's degrees.

Location: Seattle, WA.

FINANCE ROTATIONAL PROGRAM

Our Finance Rotation Program is a 3 year accelerated development program offering 3 unique 1 - year rotations across our finance organization, supporting our core retail business units & functions. In just three years, you'll develop into an intermediate or senior financial analyst, while building a deep understanding of our retail business and a strong foundation of financial skills and competencies. We look to our FRPs as the future finance leaders of our organization.

Open to upcoming May 2023 college graduates pursuing bachelor's or master's degrees.

Location: Seattle, WA.

SUPPLY CHAIN INTERNSHIP

Our Supply Chain Corporate Internship focuses on supporting various components and activities spanning the project management life cycle while exposing interns to process flow design and mapping, productivity measures, time studies, data collection, and computational analyses within the corporate operations areas functions.

Open to active college students pursuing bachelor's or master's degrees.

Location: Seattle, WA.

SUPPLY CHAIN OPERATION

Our Supply Chain Operations Internship focuses on solving operational issues and motivating team members to achieve performance targets at our San Bernardino Fulfillment Center or West Coast Omni Center. As an Intern, you'll play a dual role — dedicated student and valued team member. You will have the opportunity to support teams of hourly warehouse associates in the execution of daily activities while managing ongoing safety efforts and driving continuous improvement.

Open to active college students pursuing bachelor's degrees.

Location: San Bernardino, CA or Riverside, CA

TECHNOLOGY INTERNSHIP

Our Technology Internships span Software Engineering, Cyber Security, User Experience, Data Analytics, Product Management & Technical Program Management. As part of our Technology Internships, you will work on real-world projects, within the areas of mobile apps, web technology, infrastructure automation and more.

Open to active college students pursuing Bachelor's, Master's, or PhD degrees.

Location: Remote with a 2-week immersive onsite experience
